

SIGNIFICANCE

INDICATOR

Child maltreatment is a serious problem that has grave and costly consequences for the child, his or her family and the community at-large.

A child who has experienced abuse and neglect is more likely to have social, emotional and physical health problems and perform poorly in school.

Child Abuse Reports

Reported incidents of suspected child abuse through the ChildLine and Abuse Registry. Does not include General Protective Service reports, which include less severe general neglect reports.
(Number and rate per 1,000 children age 0-17)

COUNTY		URBAN		STATE	
2010	2011	2010	2011	2010	2011
840	816	13,286	12,643	25,342	24,615
6.0	5.9	8.9	8.5	9.2	9.0

Child Abuse Substantiations

Founded or indicated reports of child abuse. Does not include the number of children determined to need General Protective Services.

In-home services are designed to strengthen families by addressing the root causes of abuse and neglect. The provision of in-home services helps a child to remain safely in his or her home.

In-home Services

Children whose families received services in their homes to address concerns related to child safety and well-being during the year.

COUNTY		URBAN		STATE

A child's separation from his or her parents or relatives is traumatic for all involved. Minimizing the time a child spends in foster care without compromising safety is key to healthy child development.

Timely Reunification with Parents or Relatives

Children who entered foster care for the first time who were reunified with their parents or discharged to relatives within the next 12 months.

COUNTY		URBAN		STATE	
2010	2011	2010	2011	2010	2011
52.9%	53.2%	49.4%	52.0%	53.5%	53.8%

A child re-entering foster care following a return to his or her family signals a breakdown in the family and a potential failure on the part of the child welfare system to appropriately address family needs.

Re-entry into Foster Care

Children who re-entered foster care in fewer than 12 months following reunification with parents or relatives. (Data may be overstated.)

COUNTY		URBAN		STATE	
2010	2011	2010	2011	2010	2011
22.2%	21.8%	31.6%	32.1%	27.0%	26.9%

SIGNIFICANCE

A child relies on his or her family for an array of supports from early childhood through adulthood. Without a permanent family, a child fails to have a sense of security and suffers from a lack of belonging.

INDICATOR

Children Leaving Foster Care

Children who exited foster care by discharge reason and how long they were in foster care. Also includes the median length of stay for children remaining in foster care.

Every time a child moves, the trauma caused by separation and lack of continuity grows. A child who faces multiple placements struggles to build and maintain healthy relationships and faces academic challenges due to school changes.

Foster Care Placement Stability

Children who were in foster care for 12 to 23 months and had three or more placement settings.

COUNTY		URBAN		STATE	
2010	2011	2010	2011	2010	2011
24.0%	25.6%	35.0%	33.2%	35.9%	33.8%

The frequency and quality of visitation between the caseworker and a child is a key component to assuring safety, permanency planning and related service delivery.

Caseworker Visits

Children who were in foster care and visited on a monthly basis by a county or private agency child welfare worker.
